Recently Issued Accounting Standards

The GASB has issued several statements not yet implemented by the Agency. The Agency's management has not yet determined the effect these Statements will have on the Agency's financial statements. However, the Agency plans to implement all standards by the required dates. The Statements which might impact the Agency are as follows:

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* This Statement issued July 2007, will be effective for the Agency beginning with its year ending December 31, 2010. This Statement provides guidance regarding how to identify, account for and report intangible assets. The new standard characterizes an intangible asset as an asset that lacks physical substance, is nonfinancial in nature and has an initial useful life extending beyond a single reporting period.

The requirements of GASB Statement No. 51 are effective for financial statements for periods beginning after June 15, 2009, and, for the most part, require retroactive application.
